

## Refill Pressure Sprayer Bottle (Art. 9393)

**PRO+**

- ideal for spraying e.g. cleaner (brake cleaner), rust converter & anti rust liquids
- 2 adjustable spray jet patterns:
  1. folded-in nozzle needle for wide spray jet
  2. folded-out nozzle needle for narrow spray jet
- long nozzle needle is particularly suitable for narrow areas which are difficult to access
- aluminum pressure vessel, designed for long life
- universal filling valve (Schrader valve) for easy compressed air filling
- with safety valve
- max. working pressure: 6.3 bar (90 PSI)
- max. filling capacity: 650 ml
- working capacity: 50 - 350 ml
