

Push through bit and socket set | 44 pcs. (Art. 9366)

- particularly suitable for screw connections with long thread overhang e.g. with threaded rods
- no limited depth as with "normal" sockets
- includes the following tools:
- Push-through reversible ratchet, 72 teeth
12 mm internal diameter
- 6-point Push through sockets, chrome vanadium steel special profile 12 mm drive , 6-7-8-9-10-11-12-13-14 mm
- 33 Special profile bits made of chrome vanadium S2 steel, Special profile 12 mm drive, suitable for spline (for XZN), spline (for RIBE), T-star & T-star tamperproof (for Torx) and internal hexagon
- Length: 25.5 mm
- 6x Spline (for XZN): M4-M5-M6-M8-M10-M12
- 7x Spline (for RIBE): M5-M6-M7-M8-M10-M12-M13
- 7x T-Star (for Torx): T15-T20-T25-T27-T30-T40-T45
- 7x T-Star tamperproof (for Torx): T15-T20-T25-T27-T30-T40-T45
- 6x Internal hexagon: 4-5-6-7-8-10 mm
- Adaptor, 12 mm special profile drive to 10mm (3/8") external square
