

## SYSTEM 18 V

18 V system is a series of YATO cordless tools that are powered with the same heavy-duty battery. You can buy every of these devices in a set including a battery and a quick charger or solo, which is a perfect solution if you are expanding your set of tools.

Battery power supply provides you freedom and greater comfort of work. Additionally, the cordless tools of YATO are durable, handy and perfectly balanced. Thanks to that, working with them is a pleasure.

### Professionalism

Power, modernity and perfected solutions – all of that we offer in the 18 V device series created with the most demanding users and professionals in mind.

### Savings

There is no need to buy multiple batteries and chargers for the next tools. Thanks to the 18 V system, you save money and space at home and protect the environment!

### Selection

As your requirements grow, so does your 18 V collection. A wide selection of tools for the household, workshop and garden allows you to create a set of tools that you really need.
